## IELTS Speaking Part 1 Activity – teacher’s notes

### Description

An activity to introduce Speaking Part 1, focusing on what this part of the exam involves and the topics covered and to give students practice in talking about these topics using related vocabulary.

<b>Time required:</b>	60 minutes
<b>Additional materials required:</b>	<ul style="list-style-type: none"> <li>▪ a large piece of paper, at least A4 size for each student</li> <li>▪ pens</li> </ul>
<b>Aims:</b>	<ul style="list-style-type: none"> <li>▪ to introduce Part 1 speaking and to explain its purpose.</li> <li>▪ to practise answering the types of question that may be asked in this part of the exam.</li> <li>▪ to develop students’ vocabularies</li> </ul>

### Procedure

1. Explain or elicit what happens in Part 1 Speaking and what the purpose of this might be. Based on this, elicit from the class what topics might be asked about, e.g. accommodation, friends, hobbies, food, work or studies... Write these, spaced out, on the board.
2. Ask students to copy the topics in the form of a mind map onto a large piece of paper. As a class, decide on some typical useful vocabulary for each topic including nouns, verbs and adjectives, e.g. accommodation – flat, neighbourhood, live, close to.
3. Divide the students into groups, with one group per topic (or divide into sub-groups with the same topic if you have a large class). Ask them to continue adding vocabulary to their topic.
4. After 5 minutes, circulate the mind maps around the class so each group has a new topic. Ask students to read the vocabulary and add any more they can think of.
5. Repeat step 4 as many times as suitable for your class size/time.
6. Write the following question on the board: ‘Can you tell me about the kind of accommodation you live in?’. Elicit more possible questions about accommodation and write them on the board. (e.g. How long have you lived there? What do you like about living there?)
7. Put the students into pairs and ask them to write down possible questions on the different topics. If possible, these pairs should be formed of students from different groups so they are working with someone new. Go round and check the questions.

You should say: where it is how you get there how often you do there what you can do there and explain why you like it. That's why I'd now call him a friend. I'd say that I see him fairly regularly. IELTS Speaking Examples - Cue Card 1 Describe a present you have given someone. You should say: Who you gave it to What kind of present it was How it compared to other presents you have given Explain why you decided to give this particular gift. Internet Describe a useful website. You should say: what kind of book it is what it is about what sort of people would enjoy it and explain why you liked it. Vocation Describe a vocation you think is useful to society. I've known him now for about five years - since I've lived in the area in fact. Scientists believe that this is causing more severe weather so this may account for the increasing amount of rain that we seem to be seeing. You should say: who you gave it to what kind of person he/she is what the gift was what occasion the gift was for and explain why you chose that gift. The examiner will let you know when to start talking. His name was Kaaliya and he came from India. Another thing they are doing is trying to improve their response systems. Journey Describe a journey that didn't go as planned. IELTS Speaking Examples - Cue Card 4 Describe an environmental problem that has occurred in your country. You should say: The cause of the problem What effect it has had on your country The steps, if any, that have been taken to solve this Explain why you think this problem is so important to solve. You should say: who it is how you know this person what sort of person he/she is and explain why you think they are kind. Kindness Describe a person you know who is kind. You should say: what kind of song it is what the song is about when you first heard it and explain why you like it. Although we were from different backgrounds and cultures, we got on really well and we had the same sense of humour so we became very good friends. The present was a picture that had been painted of the River Cam in Cambridge. What happened was my parents surprised me on my birthday by telling me that they were going to take me to a theme park that is a few hours from our house. Gift Describe a gift you recently gave to someone. So it was so great when I found out that I could. Speaking part 2 is called: "The Talk" A face to face talk to the examiner (3-4 minutes) You will be given a topic card. There was a huge roller coaster which I remember was really scary but still excellent fun. He didn't need to do that so it was great that he made the time to anyway. It also means the soil is more dry so again the rain water runs off it rather than being soaked up. Unfortunately, there have been really serious effects on my country. It had been signed by this person as well. It's the first time I have given this person a present, and I guess it's quite different from presents that I have given to other people before - I don't recall ever giving someone a picture actually. He'll always have a smile on his face. Communication Describe a piece of advice you recently received. Obviously I was excited the whole day, but I remember that I felt really exhilarated when I was on the rides such as the roller coaster, and scared but still excited on the ghost train. The reason that I remember it so well is that I had been so desperate to go to the theme park and I'd been talking to my friends at school for ages about how I wanted to go. They are also starting to build defences such as walls along some of the major rivers that run through the town to try to stop them overflowing. I mentioned it to John and he was great. As I recall it was a Saturday that we went. It was really realistic - there were real people in there who were actually dressed up as ghosts and they jumped out just when you weren't expecting it - it made us jump so many times! How I felt really depended on what I was doing. As I mentioned before, it causes suffering for so many people and it is also a huge expense for the government and as we are not a rich country we cannot afford this. Like I said, I go to the big supermarket out of town sometimes to stock up, but you always need odd things during the week such as milk, or some snack or other. News Describe some good news you recently received. Language Describe a language you have learned. You should say: what it is what it involves what kind of people usually do this work and explain why you think it is useful to society. You should say: what it is how often you visit it what kind of site it is what kind of information it offers and explain why you think it is useful. IELTS Speaking Examples - Cue Card 3 Describe a happy childhood event. You should say: When it happened Who was involved How you felt at the time Explain why you remember this particular occasion. Family Describe a member of the your family you get on well with. Daily Routine Describe a time of the day you like. Would you prefer to share this page with others by linking to it? Most topics are stories about yourself or something that happened in your life. Art Describe a piece of art you like. This effects thousands of people who then become homeless. You should say: what it is when you started learning how you learned it what was difficult about it and why you decided to learn that language. You should say: what it is how often you do it is done when you first tried it what kind of people it is suitable for and explain why you think it is a good exercise. It means that other services suffer because of a lack of money. My birthday is on the 7th May. My younger sister was not allowed to go on the ride because she was too young and she was really upset and jealous of me and by brother! I think it was lucky she didn't though. You should say: where you went who you went with how you got there and explain why you enjoyed it. You should say: where it is how often you go there what it sells and explain why you think it is a good shop. Old people Describe an old person you know. For instance, a while back I was having problems with my work, and I was really feeling stressed. So I'd say I see him every one or two days. I think John is pretty popular as he's been there for years as far as I'm aware, so most of the locals around the area know him. I knew him because we studied together at a language school in Cambridge. Normally when I've bought something for friends it's something more jokey so we can have a laugh about it, nothing that serious. The reason why I decided to give this particular gift is because we had spent a lot of time together in Cambridge and we had had some really fun times punting on the River Cam - that's obviously why I thought this was an appropriate present. You should say: when this happened who gave you the advice what the advice was and explain how you felt about the advice. IELTS Speaking Examples - Model Answer Ok, I'm going to talk about a problem with the environment in my country. One of the most serious problems at the moment is flooding. Sport Describe a sports you would like to learn. Follow this link for further examples of topics for part 2. When you read the model answer, notice how the short talk is introduced and also concluded. Also, notice how it is well-organized. Also I remember it so well because all of our family was together. I'd never been before - it had only been open a few months and they knew that I really wanted to go. You should talk about the points that are on the card, but you will need to add in extra information otherwise you will probably finish before the time is up. There is a lesson here to help you with this part of the test if you want some tips. Home > Speaking Samples > Part 2 Band 7+ eBooks "I think these eBooks are FANTASTIC!!! They didn't tell me until the morning when I woke up that day. My whole family was involved in the event. Because of this, when it rains the water has nothing to soak it up so it just runs down the mountains and into the villages and towns. For example, I know he helps out at the old people's home some nights, and he runs the quizzes at the local pub. There are other problems that my country has but I think that is by far the worst. So, that is the serious problem in my country, and I only hope that it does not continue to get worse. It was not so big - maybe around 10 inches by 14 inches, but it was very beautiful. It came in a gold plated frame and the picture had been drawn by a particularly well-known Cambridge artist. Start preparing as soon as you are given the card, paper and pen. As I said, the excess water runs into the villages and the towns through the rivers and the rivers then overflow causing massive flooding. He also helps to organize the fete that is held each year in the town. The reason that I like him is that he's great to have a chat with. Music Describe a song you like. Please pay it forward. Exercise Describe an exercise you know. One particular thing I remember is the ghost train. IELTS Speaking Examples - Cue Card 2 Describe an old person that you know. You should say: What your relationship is to this person How often you see them What people think about this person Explain why you like them IELTS Speaking Examples - Model Answer Ok, I'd like to tell you about an old person that I know. His name is John, and he is the owner of a small convenience store at the end of my street. I would say that my relationship with him is as a friend. I have a brother and a sister so of course they came as well as my Mum and Dad, and not only that, we also picked up my grandparents on the way so they could join us. Zoo Describe a place with animals. You should say: who it is what relationship you have to that person what that person is like what you do together and explain why you get on so well. We used to go punting at least once a week, sometimes a couple of times. You will have 1 minute to prepare your talk and then you will need to speak for 1-2 minutes. You should say: what it is what kind of people do it how it is done and explain why you think it is interesting. The parts in bold show you how the speaker follows and addresses all the parts on the card in a clear and coherent way. Here's how... This also has repercussions for the government as they have to spend so much money managing the disaster each year. The government is trying to tackle the problem, but it is not easy. You should say: who the person is how you know about this person what this person does what this person is like and explain why you respect this person. He listened and also gave me some really good advice. I think it may be caused by a number of factors. My Dad was pretty busy most of the time with his work so we didn't always have much time to do things together when I was a younger. So for these reasons, it was a really special occasion that I'll never forget. Water Describe a place near water. There will always be someone in the shop having a chat with him. Keep talking as long as you can. You should say: what it was when it happened who was there why it was unexpected and explain why you enjoyed it. You should say: where it is how you heard of it what animals can be seen and explain why it might be an interesting place to visit. Book Describe a book you have recently read. IELTS Speaking Examples - Model Answer I'm going to talk about a present that I gave to someone. The person that I gave it to was a very good friend of mine at the time. Your Favourite Shop Describe your favourite shop. So when this happens I just have a walk down to his shop. You should say: what it is what equipment is needed for it how you would learn it and explain why you would like to learn this sport. I know him because I regularly go to the shop in order to buy things when I don't have time to go to a supermarket. Firstly there has been a lot of deforestation in the north of the country, a lot of it from illegal logging. You should say: what the news was how you received the news who gave it to you and explain why this was good news. IELTS Speaking Examples - Model Answer I'm going to talk about a happy childhood event that I remember, and that event was my 13th birthday. It was 10 years ago now because I'm 23. They like him because he's not just the shopkeeper but he's also very involved in activities in the community. You should say: what can be seen in the photo when it was taken who took it and explain why you like it. On one occasion there was a group of about ten of us that went down there, and we spent the whole day sitting by the river in the sun and as usual we went on a boat trip together. We all have a lot of photos to remind us of this great day. So my friend, Kaaliya, is the person that I gave a present to and this was because I felt it would always remind him of the fun times that we had and also of Cambridge. If I'm buying for family then I'll usually buy clothes or maybe some jewelry if it is a special occasion. In most towns there is now a government organization responsible for coordinating relief operations and making sure they are prepared in advance. I think this problem is a top priority to solve because it has such devastating impacts. You should say: who this person is how old he/she is what this person is like and explain why you like this person. A list of common topics and questions for IELTS speaking part 2. He's quite friendly and I always have a chat with him. This is starting to happen every year and each year it seems to get worse. Photograph Describe a photograph you like. Hobby Describe an interesting hobby. Another factor may be global warming. Respect Describe someone you respect. You should say: what the work of art is when you first saw it and explain why you like it. Several hundred usually die each year as well. They were too old to go on the rides but it was still a great trip out for them! The theme park was really amazing. It travels through the country as it starts in the north and goes down to the sea, so it can affect many towns and the capital city too.
